“Excellence in EPOS For Your Business Needs”

EPOS Deployment

Deployment Projects & Programmes

Since 2005, EPOSability have provided onsite EPOS Deployment Services. This includes: New Store Openings & Closures, Till Additions & Removals, Exhibitions, EPOS Maintenance and IT Trouble Shooting.

All EPOSability Engineers operate under the EPOSability Code of Conduct, hold a CSCS Card (Construction Skills Certification Scheme), are identifiable in branded clothing, carry identification and issue an onsite Detailed Engineer’s Report following each and every visit. Our team of EPOS Engineers are graded ensuring an appropriate level of expertise is onsite for a timely, auditable and professional level of service.

Fields of Expertise

Key partnerships and in-house EPOSability expertise ensures that all aspects of our clients deployments are turn-key, as well as being transparent, resilient, seamless and controlled. Our expertise includes: Prince2 Project Management, Value Added Procurement, Stakeholder & 3rd party engagement, Inventory Management and IT Technical expertise.

Service Level Agreements

We deliver Executive Reporting for EPOS Maintenance Contracts inline with agreed Service Level Agreements. This ensuring a transparent service for a Mission Critical Environment.
